SECRES 25X1 **ILLEGIB** 25X1 after 31 August, maneuvers, which allegedly involved five divisions, were held in the Jena-Kalla-Stadt Roda-Buergel area. Tanks were allegedly assembled on the Jena-25X1 Kahla railroad line. On 2 September, 10 T-34 tanks, numerous motor vehicles and 6 boxcarloads of troops were detrained at the Gera railroad station. At about 8 p.m. on 2 September, a shipment of 2 T-34 tanks, 6 AT guns, 2 mortars, 13 motor vehicles, 1 field kitchen and 12 boxcars passed through Gera, coming from the direction of Erfurt and proceeding toward Flauen. 20 to 30 trucks 25X1 3 tank trucks and an undetermined number of troops, officers and uniformed women were loaded on a train of 9 boxcars, 3 coaches and an undetermined number of flatcars at the Weimar railroad station. The material had come from Nohra and left toward Leipzig. At about 7 p.m. on 28 August, 15 trucks, 25X1 carrying billeting equipment, li sedans, l 25X1 ambulance, 2 tank trucks and 5 boxcarloads of officers and troops from the Tannenberg Kaserne were entrained at the Meimar railroad station and left toward Leipzig-Halle. 8 On 15 August, a shipment of T-34 tanks and several trucks 25X1 was seen en route toward Gotha, coming from the direction of 25X1 Neudietendorf. At about 7 a.m. on 29 August, a train carrying 12 guns, which source believed were 120-mm field howitzers, and numerous trucks and including several boxcars occupied by troops, 25X1 was seen at the Neudietendorf railroad station, with the engine headed westward. 10. At about 3 p.m. on 31 August, 12 heavy prime movers, including 12 howitzers, 2 field kitchen, 1 bus, and truck 25X1 25X1 25X1 were unloaded from an undetermined number of flatcars, about 480 troops from 12 boxcars, and ammunition from 3 boxcars, at the Eisenach railroad station. The train had arrived from the direction of Altengrabow. 10 Comment. Presumably from Jueterbog. The T-34 tanks mentioned in paragraph 1 belong to the 52d Gds Tank Regt and the 25X1 25X1 JS-3 tanks to the 78th Gds Hv Tank SP Regt. 25X1 The shipment presumably came from the Lossa training grounds. Corment. units of the 21st 25X1 25X1 Comment. Ods Mecz Div were presumably entrained. Comment. The 43d Army Arty Brig of the Eighth Gds Army has been 25X1 carried in Altengrabow since late April 1953. The bulk of the units of the 38th Army AT Arty Brig stationed in the barracks installation east of Leipziger Strasse were entrained on 14 August.

Erig were entrained, presumably for Ohrdruf.
